ELECTRIC USES BY BUSINESSES | Application for Use

The Borough Council of the Borough of Perkasio has agreed to permit the use of Borough owned electrical outlets on the Borough's decorative street lighting by local businesses. The conditions of use will be as follows:

1. The usage can be year round, but is intended for special events such as First Fridays or the Christmas holiday shopping season.
2. It is intended that the usage be for multiple store events, not just single isolated businesses.
3. The usage is limited to businesses, not residents.
4. The usage will be only for lighting for special events and is not to supplement or replace normal business lighting or safety, security, or signage.
5. Minimum amperage requirements must be observed. The maximum per pole is 20 amps and per circuit is 30 amps. The electric department will not be expected to respond to reset blown circuits after normal business hours unless it is a true electrical emergency.
6. All businesses must register with the borough if they expect to utilize this service. Privileges may be withdrawn for abuse of the electric service.

Please see full resolution on the back of this application. Please submit at least two weeks prior to event.

Name of Business: _____ Date of Application: _____

Date of Event(s): _____

RESOLUTION 2012-13

ELECTRIC USES BY BUSINESSES

WHEREAS, the certain representatives of the Perkasio business community have requested that the businesses in town be allowed to utilize the electrical connections on the borough's decorative electric light poles for the purpose of providing evening lighting for various events throughout the year, such as during the Christmas season, or for First Fridays, and

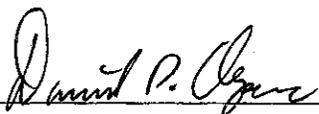

WHEREAS, the Borough Council recognizes the contribution of the local merchants towards economic development and for the vitality and quality of life for the entire community,

NOW THEREFORE BE IT RESOLVED by the Borough Council of the Borough of Perkasio, that we hereby agree to permit the use of Borough owned electrical outlets on the borough's decorative street lighting by local businesses. The conditions of use will be as follows:

1. The usage can be year round, but is intended for special events such as First Fridays or the Christmas holiday shopping season.
2. It is intended that the usage be for multiple store events, not just single isolated businesses.
3. The usage is limited to businesses, not residents.
4. The usage will be only for lighting for special events and is not to supplement or replace normal business lighting or safety, security, or signage.
5. Minimum amperage requirements must be observed. The maximum per pole is 20 amps and per circuit is 30 amps. The electric department will not be expected to respond to reset blown circuits after normal business hours unless it is a true electrical emergency.
6. All businesses must register with the borough if they expect to utilize this service. Privileges may be withdrawn for abuse of the electric service.

APPROVED this 19th day of November 2012.
