

Pay your electric bills automatically each month from your checking or savings account.

Perkasie Borough offers automatic transactions where, once a month, your checking or savings account is automatically debited for the amount of your electric bill.

Signing up for this service will eliminate any chance of paying the late fee imposed after the due date. Payments will always be made on time!

Let us handle the transaction each month. All you need to do is sign up using the agreement form found in this brochure.

"Payments will be made automatically by debiting your checking or savings."

An electric bill will be mailed to you each month. But it will not be necessary for you to make a payment. Just use it for your records, making the proper deduction from your checking or savings register. Payment will be made automatically on or before the due date.

"The power is in your hands!"

Customer Authorization Agreement

I, _____ authorize Perkasie Borough to debit my bank account as described below each month for the amount due on electric account number _____. I understand that this transaction will take place between the 13th and 17th of each month and will begin within 30 days of the signing of this agreement. A bill will continue to be mailed to me that will indicate the amount due that is also the amount that will be debited from my bank account.

Upon written notification, I may terminate this agreement. I understand that Perkasie Borough will handle the notification of termination within 30 days of receipt of such written authorization. Perkasie Borough, upon written notification to me, may also terminate this agreement.
